Dear Allen:

The Committee's work would not be complete without expressing to you our appreciation of the outstanding contribution which your organization made to our efforts. As you will recall, the Committee asked a variety of CIA offices and individuals for information and assistance. Without exception, every request was expeditiously and cheerfully met.

In particular, I wish to cite the work of your Special Assistant, [redacted] who, from the beginning of our Committee's work has provided us with a wide variety of information and many useful suggestions. [redacted] met every request even though many were on weekends or at night.

Your Graphic Arts Branch assisted us tremendously in the charts and illustrations appearing in our reports. In order to meet printing deadlines, much of the art work was done at night and on weekends. In particular, [redacted] made outstanding contributions to this part of our work. Their technical competence is exceptional and both cheerfully undertook very difficult requests.

Since the President commented upon the value of the charts in the Final Report, I would very much appreciate your forwarding the enclosed copies of the President's letter to [redacted] and [redacted] as well as to [redacted]

Dear Bill:

I have looked over your Final Report, and think you have done a remarkable piece of work. I was particularly impressed with the charts which I am sure will greatly facilitate public understanding of the Mutual Security Program.

At a later date, I would like officially to thank you and all the members of the Committee for the monumental service you have rendered to our country. In the meantime, please convey to each of your colleagues my profound appreciation for the time and effort all of you and your staff have devoted in the interest of a stronger America.

With warm regard,

Sincerely,
